BAJAJ MUTUAL FUND

BAJAJ FINSERV LARGE & MID CAP FUND

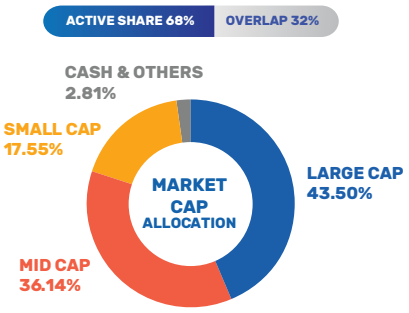

FORTIFYING YOUR WEALTH WITH MOAT BASED INVESTING

The scheme aims to generate long-term capital appreciation/income by predominantly investing in equity and equity-related securities of large-cap and mid-cap companies. The fund manager seeks to invest in companies having a distinct competitive advantage over its peers. Like a castle surrounded by a moat for protection against attack, a moat in business refers to a company's competitive advantage that makes it difficult for competitors to challenge its position in the market. Hence in investment parlance, this strategy is also known as Moat Investing.
