BAJAJ FINSERV MULTI ASSET ALLOCATION FUND

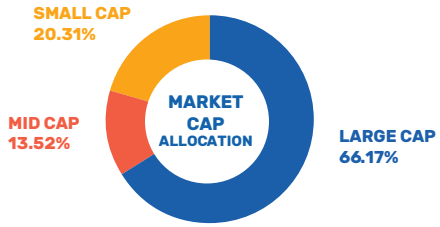

ENHANCE YOUR MULTI -ASSET ALLOCATION WITH INVESTING IN COMPANIES WITH GROWTH & DIVIDEND PAYOUT

The investment strategy aims to generate income and capital appreciation by investing across equity and equity related instruments including equity derivatives, debt & debt derivatives and money market instruments, Gold ETFs, Silver ETFs, ETCDs and in units of REITs & InvITs. The portfolio will manage the fund within the ambit of its in-house fund philosophy – INQUBE. The scheme's equity portfolio will seek to invest in dividend-yielding opportunities to provide investors with relatively low-risk, cash-generating prospects for the portfolio and to allow for the growth opportunities in the play out over the period. The security selection will emphasize on criteria such as dividend track record, payout ratios, growth in cash flow generation, and other growth metrics such as ROCE, ROE etc. However, the fund manager retains the discretion to pursue investment opportunities regardless of the style, with the aim of optimizing the risk-reward trade-off for the portfolio from time to time.
